Hon'ble M.Bhaktavatsalam

-- Minister for Agriculture and Labour

- Madras.

ASST. SECRETARY TO GOVERNMENT 2-NOV 1955 PUBLIC WORKS DEPARTMENT

From,

M.Aithapa Rai
Member
Block Development Advisory Committee
Sullia, Puttur Taluk, S.Kanara Dt.
Post Sullia.

Hon'ble Sir,

Subject:- Causeway - construction across river Payaswani - early action - requested.

I wish to bring to your kind notice about the proposal of construction of a causeway across Payaswani river near Kantamangla. The said river masses between Sullia and Ajjavar villages. The ferry at Kantamangla is the only connecting link of the adjoining village with Sullia, the Firk Head Quarters.

2. The ferry is the only connecting link for communication. But for this the school children cannot attend the School and the general public cannot go to the Hospital, Police Station or any-where. The opening of the new offices such as Block Development has made the connecting link most important. Now I have to bring to your kind attention that during the rain season the river will be often in spate and the ferrying will be an impossibility at that time. As the only route is blocked the inhabitants of Ajjavar village surrounding villages are not in a position to move across the river and they are put to several hardships and difficulties. The school children are hindered from attending the school.

3. Taking into consideration the above mentioned facts advisability of constructing a causeway across the river

Payaswani to connect the other parts of the Malnad area was considered in a meeting held on 29-9-1955. The Collector of South Kanara presided over the meeting and it was unanimously resolved to construct a causeway across the Payaswani.

4. The District Board President while going over to Ajjavar to preside over the occasion of opening a Higher Elementary School on 27-9-1955, happened to pass this way and was convinced of the necessity of a causeway at this juncture.

5. I avail myself of this opportunity to place before the Hon'ble Minister this public grievance in person. I appeal to you, Sir, to bring this proposal to fruition and thereby render public service.

Hoping that you would do the needful,

Sullia
7-10-1955

Yours faithfully

P.W
